für Internationale
Zusammenarbeit (GIZ) GmbH

About the Project

Project Objectives

Expected Outcomes

Leading the development of National and State-level HWC mitigation guidelines for Karnataka, West Bengal, and Uttarakhand, and developing SOPs for selected species and issues.

- ◆ Draft of the National Human - Wildlife Conflict Mitigation Strategy and Action Plan and selected SOPs
- ◆ Regional Stakeholder consultation workshops
- ◆ A common framework for state-level HWC action plans
- ◆ Draft state level strategy and action plans for three States
- ◆ Consultation workshops to discuss the state-level action plans

Development of database on human wildlife conflict in India

- ◆ A format for data monitoring through a consultative workshop
- ◆ Centralized database on a GIS platform
- ◆ Central database showing data inputs from the three states- Karnataka, West Bengal and Uttarakhand

Specialized field studies at the project pilot sites in Karnataka, West Bengal and Uttarakhand

- ◆ Detailed document providing overview of the studies/surveys with key outputs
- ◆ A document on specific recommendations for state and national level strategy and action plan.

Implementation of training and other capacity development measures engaging key stakeholders

- ◆ Curriculum and training material on HWC for key stakeholders including field level staff and senior IFS officers
- ◆ Customized modules on HWC Mitigation under the Diploma & certificate courses being offered at WII
- ◆ A new one-week special module on HWC Mitigation for a multi-stakeholder group
- ◆ Training of Trainers (ToTs) to develop HWC mitigation specific skill-sets

Selected animal species and issues for SOPs

Asiatic elephant *Elephas maximus*
Common Leopard *Panthera pardus*
Rhesus Macaque *Macaca mulatta*
Gaur *Bos gaurus*
Wild boar *Sus scrofa*
Nilgai *Boselaphus tragocamelus*
Mugger crocodile *Crocodylus palustris*

Issues

Medical emergencies

Crowd control

Engaging with Media

Funded by

Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) GmbH under the Indo-German Technical Cooperation project on “Human - Wildlife Conflict Mitigation in India (HWC)”
